Encryption Analyzer Instructions

1. Download the free version of the program (ea-free.msi file) from http://www.lostpassword.com/encryption-analyzer.htm.

Install the program by clicking on ea-free.msi file and following the instructions:
Click Run

- Click Next

- Accept the License Agreement terms and click Next

- Accept the default destination folder or change its location if necessary

Passware Encryptic	n Analyzer 4.3.4313 Setup	
Destination Fo	der	6
Click Next to instal	to the default folder or click Brows	e to choose another.
	ware Encryption Analyzer 4.3 in the Browse and select another folder.	
Destination Folder		
C:\Program Files	(x86)\Passware\Encryption Analyz	Zer 4\ Browse
Space required:	20MB	
Space available:	673GB	
Create Desktop	hortcut	

- Click Install

- Click Finish

3. Prepare hard/flash drive or folder for scanning.

NOTES:

- It seems that this program is not able to scan network drives, therefore it is recommended to transfer the files to a local or external drive prior to scanning.
- The program is not able to analyze the files within ZIP or RAR archives. Extract the files from these archives prior to scanning.

4. Start the program. By default, the wizard will create a shortcut icon an your desktop. You can start the program by either double-clicking on this icon or from the Start menu.

8. Analyze the results to locate the files that need to be deleted or to have their passwords removed.

NOTE: Files that require a password to open will have some version of "Open Password" note in "Protection Flags" field. The other types of Protection Flags can be ignored.
